

In accordance with Article 30, paragraph 3 of the Law on Accounting (RS Official Gazette, No 73/2019) and Article 18, paragraph 1, item 3 of the Law on the National Bank of Serbia (RS Official Gazette, Nos 72/2003, 55/2004, 85/2005 – other law, 44/2010, 76/2012, 106/2012, 14/2015, 40/2015 – CC decision and 44/2018), the Governor of the National Bank of Serbia hereby issues the following

**DECISION
ON THE CONTENT AND LAYOUT OF FINANCIAL STATEMENT FORMS
FOR INSURANCE UNDERTAKINGS**

I. INTRODUCTORY PROVISIONS

1. This Decision sets forth the content and layout of forms of financial statements of insurance undertakings (hereinafter: the undertaking) and the content of items in the forms *Balance Sheet, Profit and Loss Account, Other Comprehensive Income, Cash Flow Statement* and *Statement of Changes in Equity*, and the content of the notes to financial statements.

The forms referred to in paragraph 1 hereof are enclosed herewith as Schedules 1, 2, 3, 4 and 5 and form an integral part of this Decision.

The content of individual classes of accounts, groups of accounts and accounts in forms referred to in paragraph 1 hereof is set forth by the decision regulating the Chart of Accounts for insurance undertakings and the content of specific accounts in that chart of accounts.

Amounts in the forms referred to in paragraph 1 of this item shall be stated in thousands of dinars, or in conformity with the requirements of the form.

2. When completing the *Balance Sheet, Profit and Loss Account* and *Other Comprehensive Income* forms, the data shall be entered under the appropriate items in column 2, and under the automatic data processing (ADP) codes in column 3 containing groups of accounts and accounts specified in column 1, while data in the *Cash Flow Statement* form shall be entered under the appropriate items in column 1, and/or the ADP codes in column 2, in accordance with the content specified by this Decision.

3. The undertaking shall submit financial statements and the respective notes with the balance as at 31 December of the current year, in line with the law governing accounting – by using the forms referred to in Section 1 hereof.

The undertaking that has undergone change of status due to merger, division or separation (hereinafter: change of status) shall submit its financial statements with the balance as at the day before the date when the status change was registered, in line with the law governing accounting.

Financial statements shall also be submitted in the case of instigating or closing bankruptcy proceedings and in the case of liquidation of the undertaking.

Financial statements shall be submitted to the Serbian Business Registers Agency (hereinafter: the Agency), in line with the law governing accounting, and to the National Bank of Serbia – to the organisational unit responsible for insurance supervision, in line with the Insurance Law (RS Official Gazette, No 139/14) – in one copy.

The undertaking that, in line with the Insurance Law, states profit and/or surplus and loss and/or shortfall for specific types of insurance activities it performs shall submit, in addition to the aggregate profit and loss account, individual profit and loss accounts for those insurance activities, and shall be required to specify, in the header of such profit and loss accounts, the type of insurance activity to which the account refers, as follows:

- life insurance (Article 8, item 1 of the Insurance Law);
- life insurances other than life insurance (Article 8, items 2 to 7 of the Insurance Law);
- life insurances, aggregately (Article 8 of the Insurance Law);
- accident insurance and voluntary health insurance (Article 10, paragraph 2, item 1 of the Insurance Law);
- motor insurance (Article 10, paragraph 2, item 2 of the Insurance Law);
- marine and transport insurance (Article 10, paragraph 2, item 3 of the Insurance Law);
- aircraft insurance (Article 10, paragraph 2, item 4 of the Insurance Law);
- property insurances (Article 10, paragraph 2, item 5 of the Insurance Law);
- liability insurance (Article 10, paragraph 2, item 6 of the Insurance Law);
- credit and surety insurance (Article 10, paragraph 2, item 7 of the Insurance Law);
- non-life insurances not divided into sub-groups (Article 9, items 16 to 18 of the Insurance Law);
- non-life insurances, aggregately (Article 9 of the Insurance Law).

A comparative overview of revenues and expenses in pursuing motor liability insurance activities, which the undertaking compiles in line with the law governing compulsory traffic insurance, is an integral part of the annual financial statement of the undertaking, and must contain data on the results (financial result and technical result, determined in accordance with the rules of the insurance profession) and on the structure of expenses and/or revenues from compulsory motor liability insurance, including the following:

- gross premium (with number of concluded motor liability insurances);
- expense loading;
- insurance administration costs;
- settled claims;
- increase/decrease in outstanding claims;
- increase/decrease in unearned premium reserves;
- contribution to insurance guarantee fund;
- contribution to relevant health insurance fund;
- loss prevention loading;

- expenses in respect of policy sale commissions;
- recourse claims.

4. To ensure that aggregated data are presented, the undertaking that has undergone change of status or sale shall submit the data for the period before the change of status or sale together with the financial statements.

For the period up to the date of the change of status or sale, the company shall submit data on financial statement forms, with the note: “Period up till the date of change of status or sale”.

When submitting the data for the period referred to in paragraph 2 hereof, the undertaking shall ensure comparability of the data for the previous and the current year according to the type of insurance, and ensure that the data are not repeated for different undertakings.

If change of status or sale has taken place in the current year, the data for the undertaking that has been wound up shall be reported in the following manner:

- in the *Balance Sheet* form, entries in column 5 shall present the balance at the end of the current period (the date of change of status or sale), entries in column 6 shall present the balance at the end of the previous period (which is same as the opening balance of the current period), and entries in column 7 shall present the balance at the beginning of the earliest comparable period (opening balance of the previous period);

- in the *Profit and Loss Account* and *Statement of Other Comprehensive Income* forms, entries in column 5 shall present data on business operation in the period from 1 January of the current year till the date of the change of status or sale, while entries in column 6 shall present data on business operation for the entire previous year;

- in the *Cash Flow Statement* form, entries in column 3 shall present data on cash flow for the period from 1 January of the current year till the date of the change of status or sale, while entries in column 4 shall present data on business operation for the entire previous year.

If change of status or sale took place in the previous year, the data for the undertaking that has been wound up shall be reported in the following manner:

- in the *Profit and Loss Account* and *Statement of Other Comprehensive Income*, entries in column 6 shall present data on business operation in the period from 1 January of the current year till the date of the change of status or sale;

- in the *Cash Flow Statement*, entries in column 4 shall present data on business operation in the period from 1 January of the current year till the date of the change of status or sale.

If the change of status or sale occurred on 31 December of the previous year, the data on assets and liabilities of an undertaking that has been wound up shall be reported in the *Balance Sheet* form in columns 6 and 7. In such a case, data in the *Balance Sheet* and *Statement of Other Comprehensive Income* forms shall be presented only in column 6, and only in the column 4 of the *Cash Flow Statement* form.

An undertaking that has undergone change of status or is subject to bankruptcy or liquidation proceedings shall submit its annual financial statements to the Agency stating consolidated data for the entire reporting period, in the net amount, after setting off the results before and after the change of status.

Organisational unit of the National Bank of Serbia responsible for insurance supervision, in line with the Insurance Law, shall be presented with financial statements in which the data are presented in both individual and consolidated form, or for the period before and after the change, and all forms of those financial statements shall contain the relevant notification “CHANGE OF STATUS”, or “SALE”, or “LIQUIDATION” or “BANKRUPTCY”.

An undertaking created by incorporation after a change of status shall present its data as a newly incorporated undertaking, and it shall place the relevant notification on its financial statements forms “NEW INCORPORATION”.

An undertaking that is a parent legal undertaking shall compile consolidated financial statements which shall contain all the prescribed forms of financial statements, in which consolidated data for all the subsidiaries shall be presented for the reporting and the previous year and shall contain the notification “CONSOLIDATED”, while notes to financial statements shall also disclose the data on all entities that have been included in the consolidation.

If the composition of the group changes in the course of the reporting year, the parent company shall present the opening balance and business changes in the previous year for the previous group in the consolidated financial statements.

An undertaking that has become a parent undertaking in the current year shall present the consolidated data as a newly incorporated legal entity, and shall post a “NEWLY CONSOLIDATED” notification on its financial statement forms.

An undertaking is not required to place the notifications on financial statements specified by this Section if the financial statements are compiled and submitted in electronic form exclusively.

II. CONTENT OF ITEMS IN THE *BALANCE SHEET FORM*

5. In the *Balance Sheet* form, the undertaking shall enter data in columns 5 through 7, and the content of items of this form is directly correlated with the content of accounts in the chart of accounts for undertaking set forth by the National Bank of Serbia, and this correlation is specified in the column 1 of that form.

Asset items shall be entered under ADP codes 0001 through 0054, while liabilities items shall be entered under ADP codes 0401 through 0460.

Entries in column 5 shall present the balance at the end of the current period (the date of change of status), entries in column 6 shall present the closing balance at the end of the previous period (which is same as the opening balance of the current period), and entries in column 7 shall present the opening balance at the beginning of the earliest comparable period (opening balance of the previous period), for both assets and liabilities.

Data regarding the period for which the financial statement has been drawn up shall be entered in column 5 of the assets and column 5 of the liabilities – by bringing forth the balance of accounts at the end of the accounting period.

If data from the previous year have been adjusted in accordance with the regulations, the adjusted data shall be entered in columns 6 and 7 of the assets and columns 6 and 7 of the liabilities.

Data in the column 7 shall be presented only when accounting policy has been applied retroactively or items in the financial statements have been modified retroactively, or when those items have been reclassified.

The data under ADP code 0421 – Non-controlling interests, shall only be entered in the consolidated financial statement.

III. CONTENT OF ITEMS IN *PROFIT AND LOSS STATEMENT* FORM

6. In the *Profit and Loss Statement* form, the undertaking shall enter data in columns 5 to 6, and the content of items of this form is directly correlated with the content of accounts in the chart of accounts for undertakings set forth by the National Bank of Serbia, and this correlation is specified in the column 1 of that form.

Revenues and expenses arising from ordinary activities shall be presented under ADP codes 1001 through 1048, gross operating result shall be presented under ADP codes 1049 through 1050, revenues and expenses from investing activities shall be presented under ADP codes 1051 through 1070, profit or loss from investing activities shall be presented under ADP codes 1071 and 1072, underwriting expenses shall be presented under ADP codes 1073 through 1085, operating profit and operating loss shall be presented under ADP codes 1086 through 1087, financial revenues and expenses shall be presented under ADP codes 1088 and 1089, revenues from adjustment of value of receivables and other operating assets shall be presented under ADP codes 1090 and 1091, other revenues and expenses shall be presented under ADP codes 1092 and 1093, profit and loss from ordinary activities shall be presented under ADP codes 1094 and 1095, profit and loss from discontinued operations, positive effects of changes in accounting policies and correction of errors from the previous period shall be presented under ADP codes 1096 and 1097, profit and loss before tax for the period shall be presented under ADP codes 1089 and 1099, corporate income tax shall be presented under ADP codes 1100 and 1102, while profit and loss before tax for the period (net) shall be presented under ADP codes 1103 and 1106.

Entry under ADP code 1104 – Net income belonging to minority shareholders, shall present the portion of the net income from the ADP code 1103 that belongs to minority shareholders, while entry ADP code 1105 – Net income belonging to the majority owner shall present the portion of the net income from the ADP code 1103 that belongs to the owners of the parent undertaking.

Entry under ADP code 1107 – Net loss attributable to minority shareholders, shall present the portion of the net loss from item ADP 1106 attributable to minority shareholders, while entry under item ADP 1108 – Net loss attributable to the majority owner shall present the portion of the net loss from the item ADP 1106 attributable to the owners of the parent undertaking.

Entries under ADP 1109 to 1110 present the portion of earnings per share established in accordance with international accounting standards governing accounting and financial reporting (IAS and IFRS).

Data from the relevant accounts designated in column 1 shall be reported by entering data for the appropriate accounting period of the previous year in column 6 (previous year), reclassified in accordance with the structure of the data for the current period, while the current year's data, column 5, shall be brought forward from the closing balance for that period.

If data for the previous year have been corrected in line with the regulations, such corrected data shall be entered in column 6.

IV. CONTENT OF ITEMS IN THE *STATEMENT OF OTHER COMPREHENSIVE INCOME* FORM

7. The undertaking shall enter data in columns 5 and 6 of the *Statement of Other Comprehensive Income* form in accordance with the content of accounts specified in the column 1 of the form.

Items of the form referred to in this Section comprise revenue and expense items (including reclassifications due to corrections) that have not been recognised in the *Profit and Loss Statement*, and items that are recognised as capital in line with the requirements of some IFRS.

Net profit or net loss from the *Profit and Loss Statement* (ADP 2001 and 2002) shall be brought forward to the *Statement of Other Comprehensive Income*. Other comprehensive profit or loss (ADP 2024 and 2025) shall also be established and disclosed in this form, as well as the total net comprehensive income for the period (ADP 2026 and 2029).

V. CONTENT OF THE ITEMS IN THE *CASH FLOW STATEMENT* FORM

8. When completing the *Cash Flow Statement* form, column 3 shall include data for the current year, and column 4 shall include data for the relevant period of the previous year.

For the purposes of this decision, cash flows shall mean collection and payment in cash and cash equivalents through business account (dinar and foreign currency accounts), including any compensations, assignments and cessions carried out via those accounts.

Cash flows shall not be understood to mean transfers of cash and cash equivalents between individual accounts in the same undertaking.

The amount of cash inflows and outflows shall be established on the basis of the records about inflows and outflows on the cash in hand, current (business) accounts and foreign exchange accounts, or on the basis of the balance and turnover on the relevant assets and liabilities accounts, and/or income and expenses accounts, and/or account groups and accounts in the undertaking's books.

Cash flows from operating activities

9. Entry under ADP code 3001 – Cash inflows from operating activities, shall present data on total inflows of cash from items under ADP code 3002 through 3006.

Entry under ADP code 3002 – Insurance and co-insurance premiums and advances received, shall present data on cash inflow from receivables collected from the insured, policy holders, coinsurers and other customers during the accounting period, as well as from advances received.

Entry under ADP code 3003 – Insurance premiums and retrocessions, shall present data on cash inflow from receivables collected from insurers for reinsurance premiums and/or from reinsurers for the retrocession amount during the accounting period.

Entry under ADP code 3004 – Inflow from deductibles, shall present data on cash inflow from collected receivables from deductibles based on coinsurance and reinsurance, and from retrocessions during the accounting period.

Entry under ADP code 3005 – Inflow from interest payments from operating activities, shall present data on cash inflow from collected agreed interest and default interests from the insured persons, coinsurers, reinsurers, retrocessionaires and subrogating debtors, as well as other interest payments from operating activities collected.

Entry under ADP code 3006 – Other inflows from operation present the data on cash inflow from collection of subrogation claims, brokerage and agency services, site visit services, assessment, liquidation and payment of damages, collection of rents, membership fees and other business revenues, as well as collection of claims from employees and other claims during the accounting period.

10. Entry under ADP code 3007 – Cash outflows from operating activities present the data on total outflow of cash from operating activities from ADP items 3008 through 3016.

Entry under ADP code 3008 – Compensation of claims and agreed insurance payments, deductibles from coinsurance and advance payments made, shall present the data on amounts paid to the insured persons, beneficiaries and third injured parties on account of compensation claims and other agreed insurance payments and deductibles from coinsurance, as well as advance payments made during the accounting period.

Entry under ADP code 3009 – Compensation of claims and deductibles based on reinsurance and retrocessions, shall present the amount of payments made for compensation claims and deductibles based on reinsurance and retrocessions during the accounting period.

Entry under ADP code 3010 – Coinsurance, reinsurance and retrocession premiums shall present the data on payments made for premiums relating to coinsurance and reinsurance, and retrocession premiums during the accounting period.

Entry under ADP 3011 – Salaries, employee benefits and other personnel expenses shall present the amount of gross salaries, employee benefits and other personnel expenses paid during the accounting period.

Entry under ADP code 3012 – Other insurance costs present the amounts of payments made for costs of materials, fuel and electricity, rent, advertisements and marketing, services and other non-material underwriting expenses during the accounting period.

Entry under ADP code 3013 – Interest payments made shall present the data on all interest payments made during the accounting period.

Entry under ADP code 3014 – Corporate income tax shall present the data on corporate income tax prepayments made during the accounting period and on the final calculation for the previous year reduced by the refunds made during the accounting period.

Entry under ADP code 3015 – Outflows relating to other public revenues shall present data on outflows relating to other public revenues, that is, the amounts of payments of insurance premium tax, value added tax and other taxes, customs duties and other levies paid during the accounting period.

Entry under ADP code 3016 – Other cash outflows from ordinary activities shall present data on contingency cash outflows, that is, cash outflows that are not regular outflows based on business activities, as well as outflows with regard to which no liabilities have been entered in the books.

11. Entry under ADP code 3017 – Net cash inflows from operating activities shall present the difference between the items under ADP codes 3001 and 3007, while entry under ADP code 3018 – Net cash outflow from operating activities – shall present the difference between the items under ADP codes 3007 and 3001.

Cash flows from investing activities

12. Entry under ADP code 3019 – Cash inflows from investing activities shall be the copy of the data on total cash inflows from investing activities under ADP codes 3020 through 3024.

13. Entry under ADP code 3020 – Sale of shares and interests shall present the amount of cash received from the sale of shares and interests (net inflows) reduced by the payments made for acquiring such placements (investments) during the accounting period.

Entry under ADP code 3021 – Sale of intangible investments, property, plant, equipment and biological assets shall present the amount of cash received from the sale of intangible investments, property, plant, equipment and biological assets during the accounting period.

Entry under ADP code 3022 – Other financial placements – deposits and investments shall present the amount of cash received from the sale of short-term and long-term financial placements (deposits and investments) reduced by the amount of payments made for acquiring such placements (deposits and investments) during the accounting period.

Entry under ADP code 3023 – Interest payments received from investing activities shall present the data on the amount of cash from interest collected on the basis of investing activities during the accounting period.

Entry under ADP code 3024 – Dividends received and share in profit shall present the data on the amount of cash from dividends and share in profit received during the accounting period.

14. Entry under ADP code 3025 – Cash outflows from investing activities shall be the copy of the data on total cash outflows from investing activities under ADP codes 3026 through 3028 during the accounting period.

Entry under ADP code 3026 – Acquisition of shares and interests shall present the amount of net cash outflow relating to the acquisition of shares and interests reduced by the amount of cash inflow from the sale of shares and interests during the accounting period.

Entry under ADP code 3027 – Acquisition of intangible investments, property, plant, equipment and biological assets shall present the cash outflow relating to procurement of intangible investments, property, plant, equipment and biological assets during the accounting period.

Entry under ADP code 3028 – Other financial placements – deposits and investments shall present the amount of net cash outflow relating to purchase of short-term and long-term financial placements reduced by the amount of cash received from the sale or realisation of such placements (deposits and investments) during the accounting period.

15. Entry under ADP code 3029 – Net cash inflows from investing activities shall present the difference between the items under ADP codes 3019 and 3025, while entry under ADP code 3030 – Net cash outflow from investing activities shall present the difference between the items under ADP codes 3025 and 3019.

Cash flows from financing activities

16. Entry under ADP code 3031 – Cash inflows from financing activities shall be the copy of the data on total cash inflows from financing activities under ADP codes 3032 through 3036.

Entry under ADP code 3032 – Increase in core capital shall present the amount of cash inflow based on payment for shares and other lasting interests in core capital of the undertaking during the accounting period.

Entry under ADP code 3033 – Long-term loans shall present the amount of net cash inflow from long-term loans reduced by the repaid amount of those loans during the accounting period.

Entry under ADP code 3034 – Short-term loans shall present the net cash inflow from short-term loans reduced by the repaid amount of those loans during the accounting period.

Entry under ADP code 3035 – Other long-term liabilities shall present the cash inflow from other long-term liabilities of the undertaking reduced by the repaid amount of those liabilities during the accounting period.

Entry under ADP code 3036 – Other short-term liabilities shall present the cash inflow from other short-term liabilities of the undertaking reduced by the repaid amount of those liabilities during the accounting period.

17. Entry under ADP code 3037 – Cash outflows from financing activities is the copy of the data on total cash outflows from financing activities under items of ADP codes 3038 through 3044 during the accounting period.

Entry under ADP code 3038 – Acquisition of own shares and interests shall present the cash outflow for acquisition of own shares and interests during the accounting period.

Entry under ADP code 3039 – Long-term loans shall present the amount of net cash outflow for repayment of long-term loans reduced by the amount of new loans during the accounting period.

Entry under ADP code 3040 – Short term loans shall present the amount of net cash outflows for repayment of short-term loans reduced by the amount of new loans during the accounting period.

Entry under ADP code 3041 – Other long-term liabilities shall present the amount of net cash outflow for repayment of other long-term liabilities reduced by the amount of new liabilities during the accounting period.

Entry under ADP code 3042 – Other short-term liabilities shall present the amount of net cash outflow for repayment of other short-term liabilities reduced by the amount of new liabilities during the accounting period.

Entry under ADP code 3043 – Finance lease shall present the amount of cash outflow for payments made for the leased assets during the accounting period.

Entry under ADP code 3044 – Paid dividends and share in profit shall present the amount of cash outflow for dividends and share in profit paid during the accounting period.

18. Entry under ADP code 3045 – Net cash inflows from financing activities shall present the difference between the items under ADP codes 3031 and 3037, while entry under ADP code 3046 – Net cash outflow from financing activities shall present the difference between the items under ADP codes 3037 and 3031.

Closing the *Cash Flow Statement*

19. Entry under ADP code 3047 – Total cash inflow shall present the sum of the amounts disclosed in items under ADP codes 3001, 3019 and 3031.

Entry under ADP code 3048 – Total cash outflow shall present the sum of the amounts disclosed in items under ADP codes 3007, 3025 and 3037.

Entry under ADP code 3049 – Net cash inflow shall present the difference between the amounts disclosed in items under ADP codes 3047 and 3048.

Entry under ADP code 3050 – Net cash outflow shall present the difference between the amounts disclosed in items under ADP codes 3048 and 3047.

Entry under ADP code 3051 – Cash at the beginning of the accounting period shall present the amount of cash at the beginning of the accounting period, i.e. on 1 January of the current and of the previous year.

Entry under ADP code 3052 – Exchange rate gains due to revaluation of cash shall present the amount of exchange rate gains caused by the revaluation of cash on the balance date.

Entry under ADP code 3053 – Exchange rate losses due to revaluation of cash shall present the amount of exchange rate losses caused by the revaluation of cash on the balance date.

Entry under ADP code 3054 – Cash at the end of the accounting period shall present the amount of cash at the end of the accounting period (ADP 3049 - ADP 3050 + ADP 3051 + ADP 3052 - ADP 3053).

VI. CONTENT OF ITEMS IN THE *STATEMENT OF CHANGES IN EQUITY* FORM

20. The undertaking shall enter the data on balance and changes in equity in the *Statement of Changes in Equity* form, specifically:

- column 2 shall present the balance and changes in the account group 30, except for accounts 305, 306, 307 and 309;
- column 3 shall present the balance and changes in the account 309;
- column 4 shall present the balance and changes in the account group 31;
- column 5 shall present the balance and changes in the account 305;
- column 6 shall present the balance and changes in the accounts 306 and 307;
- column 7 shall present the balance and changes in the account group 32;
- column 8 shall present the balance and changes in the account group 34, except for account 342;

- column 9 shall present the total amount in all of the items referred to above (columns 2 through 8);
- column 10 shall present the balance and changes in the account group 35, except for account 352 (for loss up to the amount of capital);
- column 11 shall present the balance and changes in the accounts 037 and 237;
- column 12 shall present the balance and changes in the account group 33;
- column 13 shall present the total amount of deductible items (columns 10, 11 and 12).
- column 14 shall present the total amount of capital;
- column 15 shall present the balance and changes in the account group 35, except for account 352 (for loss above the level of capital);

The undertaking shall enter in the form referred to in this Section the data on balance and changes in equity for the current and previous year, in line with the IAS and IFRS.

21. Item under ordinal number 1, ADP code 4001, shall present the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309), as at 1 January of the previous year.

Entry under ADP code 4027 shall present the balance on account 309 as at 1 January of the previous year.

Entry under ADP code 4051 shall present the balance on account group 31 – Subscribed capital unpaid as at 1 January of the previous year.

Entry under ADP code 4075 shall present the balance on account 305 as at 1 January of the previous year.

Entry under ADP code 4099 shall present the balance on accounts 306 and 307 as at 1 January of the previous year.

Entry under ADP code 4123 shall present the balance on account group 32 – Revaluation reserves and unrealised profit as at 1 January of the previous year.

Entry under ADP code 4149 shall present the balance on account group 34 – Undistributed profit, except for account 342, as at 1 January of the previous year.

Entry under ADP code 4177 shall present the total balance on positive capital accounts (columns 2 through 8) as at 1 January of the previous year.

Entry under ADP code 4211 shall present the balance on account group 35 – Loss (up to the level of capital), except for account 352, as at 1 January of the previous year.

Entry under ADP code 4235 shall present the balance on accounts 037 and 237 as at 1 January of the previous year.

Entry under ADP code 4261 shall present the balance on account group 33 – Unrealised losses as at 1 January of the previous year.

Entry under ADP code 4285 shall present the total balance on deductible capital items (columns 10, 11 and 12) as at 1 January of the previous year.

Entry under ADP code 4315 shall present the total balance of capital as at 1 January of the previous year.

Entry under ADP code 4321 shall present the balance on account group 35 – Loss (above the level of capital), except for account 352, as at 1 January of the previous year.

22. Entry under ordinal number 2, ADP code 4002, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to corrections of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4028 shall present the increase in the balance on account 309 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4052 shall present the increase in the balance on account group 31 – Subscribed capital unpaid, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4076 shall present the increase in the balance on account 305 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4100 shall present the increase in the balance on accounts 306 and 307 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4124 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4150 shall present the increase in the balance on account group 34 – Undistributed gain, except for account 342, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4178 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4212 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4236 shall present the increase in the balance on accounts 037 and 237 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4262 shall present the increase in the balance on account group 33 – Unrealised losses, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4286 shall present the total increase in the balance of deductible capital items (columns 10 through 12) due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4322 shall present the increase in the balance on account group 35 – Loss (above the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the previous year.

23. Entry under ordinal number 3, ADP code 4003, shall present the decrease in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4029 shall present the decrease in the balance on account 309 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4053 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4077 shall present the decrease in the balance on account 305 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4101 shall present the decrease in the balance on accounts 306 and 307 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4125 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4151 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4179 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4213 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4237 shall present the decrease in the balance on accounts 037 and 237 due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4263 shall present the decrease in the balance on account group 33 – Unrealised losses, due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4287 shall present the total decrease in the balance of deductible capital items (columns 10 through 12) due to correction of material errors and changes in accounting policies made in the previous year.

Entry under ADP code 4323 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the previous year.

24. Entry under ordinal number 4, ADP code 4004, shall present the corrected opening balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309), as at 1 January of the previous year.

Entry under ADP code 4030 shall present the corrected opening balance on account 309 as at 1 January of the previous year.

Entry under ADP code 4054 shall present the corrected opening balance on account group 31 – Subscribed capital unpaid as at 1 January of the previous year.

Entry under ADP code 4078 shall present the corrected opening balance on account 305 as at 1 January of the previous year.

Entry under ADP code 4102 shall present the corrected opening balance on accounts 306 and 307 as at 1 January of the previous year.

Entry under ADP code 4126 shall present the corrected opening balance on account group 32 – Revaluation reserves and unrealised profit as at 1 January of the previous year.

Entry under ADP code 4152 shall present the corrected opening balance on account group 34 – Undistributed profit, except for account 342, as at 1 January of the previous year.

Entry under ADP code 4180 shall present the corrected total opening balance on positive capital accounts (columns 2 through 8) as at 1 January of the previous year.

Entry under ADP code 4214 shall present the corrected opening balance on account group 35 – Loss (up to the level of capital) as at 1 January of the previous year.

Entry under ADP code 4238 shall present the corrected opening balance on accounts 037 and 237 as at 1 January of the previous year.

Entry under ADP code 4264 shall present the corrected opening balance on account group 33 – Unrealised losses as at 1 January of the previous year.

Entry under ADP code 4288 shall present the corrected total opening balance on deductibles (columns 10, 11 and 12) as at 1 January of the previous year.

Entry under ADP code 4316 shall present the total corrected opening balance of capital as at 1 January of the previous year.

Entry under ADP code 4324 shall present the corrected opening balance on account group 35 – Loss – Loss (above the level of capital), except for account 352, as at 1 January of the previous year.

25. Entry under ordinal number 5, ADP code 4005, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to issuance of new shares in the previous year.

Entry under ADP code 4055 shall present the increase in the balance on account group 31 – Subscribed capital unpaid, due to issuance of new shares in the previous year.

Entry under ADP code 4079 shall present the increase in the balance on account 305 due to issuance of new shares in the previous year.

Entry under ADP code 4181 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to issuance of new shares in the previous year.

26. Entry under ordinal number six, ADP code 4127 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit due to revaluations made and positive components of other comprehensive income in the previous year.

Entry under ADP code 4182 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to revaluations made and positive components of other comprehensive income in the previous year.

27. Entry under ordinal number 7, ADP code 4128 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, due to revaluations made in the previous year.

Entry under ADP code 4183 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to revaluations made in the previous year.

28. Entry under ordinal number 8, ADP code 4265 shall present the increase in the balance on account group 33 – Unrealised losses, due to negative components of other comprehensive income in the previous year.

Entry under ADP code 4289 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to negative components of other comprehensive income in the previous year.

29. Entry under ordinal number 9, ADP code 4006, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to distribution of net profit in the previous period.

Entry under ADP code 4031 shall present the increase in the balance on account 309 due to distribution of net profit in the previous period.

Entry under ADP code 4103 shall present the increase in the balance on accounts 306 and 307 due to distribution of net profit in the previous period.

Entry under ADP code 4153 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, due to undistributed net profit in the previous period.

Entry under ADP code 4184 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to net profit realised in the previous period.

Entry under ordinal number 10, ADP code 4215 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to loss realised in the previous period.

Entry under ADP code 4290 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to loss realised in the previous period.

Entry under ADP code 4325 shall present the increase in the balance on account group 35 – Loss – Loss (above the level of capital), except for account 352, due to loss realised in the previous period.

31. Entry under ordinal number 11, ADP code 4239 shall present the increase in the balance on accounts 037 and 237 due to decrease in capital through acquisition of own shares in the previous year.

Entry under ADP code 4291 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to acquisition of own shares in the previous year.

32. Entry under ordinal number 12, ADP code 4240 shall present the decrease in the balance on accounts 037 and 237 due to increase in capital through sale/alienation of own shares in the previous year.

Entry under ADP code 4292 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) due to sale/alienation of own shares in the previous year.

33. Entry under ordinal number 13, ADP code 4007, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to transfer from another form of capital in the previous year.

Entry under ADP code 4032 shall present the increase in the balance on account 309 due to transfer from another form of capital in the previous year.

Entry under ADP code 4056 shall present the increase in the balance on account group 31 – Subscribed capital unpaid due to transfer from another form of capital in the previous year.

Entry under ADP code 4080 shall present the increase in the balance on account 305 due to transfer from another form of capital in the previous year.

Entry under ADP code 4104 shall present the increase in the balance on accounts 306 and 307 due to transfer from another form of capital in the previous year.

Entry under ADP code 4129 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit due to transfer from another form of capital in the previous year.

Entry under ADP code 4154 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, due to transfer from another form of capital in the previous year.

Entry under ADP code 4185 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to transfer from another form of capital in the previous year.

Entry under ADP code 4216 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to transfer from another form of capital in the previous year.

Entry under ADP code 4241 shall present the increase in the balance on accounts 037 and 237 due to transfer from another form of capital in the previous year.

Entry under ADP code 4266 shall present the increase in the balance on account group 33 – Unrealised losses, due to transfer from another form of capital in the previous year.

Entry under ADP code 4293 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to transfer from another form of capital in the previous year.

Entry under ADP code 4326 shall present the increase in the balance on account group 35 – Loss – Loss (above the level of capital), except for account 352, due to transfer from another form of capital in the previous year.

34. Entry under ordinal number 14, ADP code 4008, shall present the decrease in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to transfer to another form of capital in the previous year.

Entry under ADP code 4033 shall present the decrease in the balance on account 309 due to transfer to another form of capital in the previous year.

Entry under ADP code 4057 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid due to transfer to another form of capital in the previous year.

Entry under ADP code 4081 shall present the decrease in the balance on account 305 due to transfer to another form of capital in the previous year.

Entry under ADP code 4105 shall present the decrease in the balance on accounts 306 and 307 due to transfer to another form of capital in the previous year.

Entry under ADP code 4130 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, due to transfer to another form of capital in the previous year.

Entry under ADP code 4155 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, due to transfer to another form of capital in the previous year.

Entry under ADP code 4186 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to transfer to another form of capital in the previous year.

Entry under ADP code 4217 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to transfer to another form of capital in the previous year.

Entry under ADP code 4242 shall present the decrease in the balance on accounts 037 and 237 due to transfer to another form of capital in the previous year.

Entry under ADP code 4267 shall present the decrease in the balance on account group 33 – Unrealised losses, due to transfer to another form of capital in the previous year.

Entry under ADP code 4294 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) due to transfer to another form of capital in the previous year.

Entry under ADP code 4327 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, due to transfer to another form of capital in the previous year.

35. Entry under ordinal number 15, ADP code 4156 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342 due to payment of dividends from the net profit realised in the previous period.

Entry under ADP code 4187 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to payment of dividends from the net profit realised in the previous period.

36. Entry under ordinal number 16, ADP code 4157 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, due to liabilities toward employees paid from the net profit realised in the previous period.

Entry under ADP code 4188 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to liabilities toward employees paid from the net profit realised in the previous period.

37. Entry under ordinal number 17, ADP code 4009, shall present the increase in the balance on core capital accounts (account group 30 – core and other capital and reserves, except for accounts 305, 306, 307 and 309) based on any other grounds in the previous year.

Entry under ADP code 4034 shall present the increase in the balance on account 309 based on any other grounds in the previous year.

Entry under ADP code 4058 shall present the increase in the balance on account group 31 – Subscribed capital unpaid based on any other grounds in the previous year.

Entry under ADP code 4082 shall present the increase in the balance on account 305 based on any other grounds in the previous year.

Entry under ADP code 4106 shall present the increase in the balance on accounts 306 and 307 based on any other grounds in the previous year.

Entry under ADP code 4131 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit based on any other grounds in the previous year.

Entry under ADP code 4158 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, based on any other grounds in the previous year.

Entry under ADP code 4189 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) based on any other grounds in the previous year.

Entry under ADP code 4218 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, based on any other grounds in the previous year.

Entry under ADP code 4243 shall present the increase in the balance on accounts 037 and 237 based on any other grounds in the previous year.

Entry under ADP code 4268 shall present the increase in the balance on account group 33 – Unrealised losses, based on any other grounds in the previous year.

Entry under ADP code 4295 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) based on any other grounds in the previous year.

Entry under ADP code 4328 shall present the increase in the balance on account group 35 – Loss (above the level of capital), except for account 352, based on any other grounds in the previous year.

38. Entry under ordinal number 18, ADP code 4010, shall present the decrease in the balance on core capital accounts (account group 30 – Core and other capital and reserves, except for accounts 305, 306, 307 and 309) based on any other grounds in the previous year.

Entry under ADP code 4035 shall present the decrease in the balance on account 309 based on any other grounds in the previous year.

Entry under ADP code 4059 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid, based on any other grounds in the previous year.

Entry under ADP code 4083 shall present the decrease in the balance on account 305 based on any other grounds in the previous year.

Entry under ADP code 4107 shall present the decrease in the balance on accounts 306 and 307 based on any other grounds in the previous year.

Entry under ADP code 4132 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, based on any other grounds in the previous year.

Entry under ADP code 4159 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, based on any other grounds in the previous year.

Entry under ADP code 4190 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) based on any other grounds in the previous year.

Entry under ADP code 4219 shall present the decrease in the balance on account group 35 - Loss (up to the level of capital), except for account 352, based on any other grounds in the previous year.

Entry under ADP code 4244 shall present the decrease in the balance on accounts 037 and 237 based on any other grounds in the previous year.

Entry under ADP code 4269 shall present the decrease in the balance on account group 33 – Unrealised losses, based on any other grounds in the previous year.

Entry under ADP code 4296 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) based on any other grounds in the previous year.

Entry under ADP code 4329 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, based on any other grounds in the previous year.

39. Entry under ordinal number 19, ADP code 4011, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4036 shall present the increase in the balance on account 309 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4060 shall present the increase in the balance on account group 31 – Subscribed capital unpaid in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4084 shall present the increase in the balance on account 305 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4108 shall present the increase in the balance on accounts 306 and 307 in the previous year on all grounds, except on the ground of correction of material errors and changes in accounting policies.

Entry under ADP code 4133 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4160 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4191 shall present the increase in the balance on positive capital accounts (columns 2 through 8) in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4220 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4245 shall present the increase in the balance on accounts 037 and 237 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4270 shall present the increase in the balance on account group 33 – Unrealised losses, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4297 shall present the total increase in the balance of deductible capital items (columns 10 through 12) in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4330 shall present the increase in the balance on account group 35 – Loss (above the level of capital), except for account 352, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

40. Entry under ordinal number 20, ADP code 4012, shall present the decrease in the balance on core capital accounts (account group 30 – Core and other capital and reserves, except for accounts 305, 306, 307 and 309) in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4037 shall present the decrease in the balance on account 309 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4061 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4085 shall present the decrease in the balance on account 305 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4109 shall present the decrease in the balance on accounts 306 and 307 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4134 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4161 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4192 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4221 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4246 shall present the decrease in the balance on accounts 037 and 237 in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4271 shall present the decrease in the balance on account group 33 – Unrealised losses, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4298 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4331 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, in the previous year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

41. Entry under ordinal number 21, ADP code 4013, shall present the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309), as at 31 December of the previous year.

Entry under ADP code 4038 shall present the balance on account 309 as at 31 December of the previous year.

Entry under ADP code 4062 shall present the balance on account group 31 – Subscribed capital unpaid as at 31 December of the previous year.

Entry under ADP code 4086 shall present the balance on account 305 as at 31 December of the previous year.

Entry under ADP code 4110 shall present the balance on accounts 306 and 307 as at 31 December of the previous year.

Entry under ADP code 4135 shall present the balance on account group 32 – Revaluation reserves and unrealised profit as at 31 December of the previous year.

Entry under ADP code 4162 shall present the balance on account group 34 – Undistributed profit, except for account 342, as at 31 December of the previous year.

Entry under ADP code 4193 shall present the total balance on positive capital accounts (columns 2 through 8) as at 31 December of the previous year.

Entry under ADP code 4222 shall present the balance on account group 35 – Loss (up to the level of capital), except for account 352, as at 31 December of the previous year.

Entry under ADP code 4247 shall present the balance on accounts 037 and 237 as at 31 December of the previous year.

Entry under ADP code 4272 shall present the balance on account group 33 – Unrealised losses as at 31 December of the previous year.

Entry under ADP code 4299 shall present the total balance on deductible capital items (columns 10, 11 and 12) as at 31 December of the previous year.

Entry under ADP code 4317 shall present the total balance of capital as at 31 December of the previous year.

Entry under ADP code 4332 shall present the balance on account group 35 – Loss (above the level of capital), except for account 352, as at 31 December of the previous year.

42. Entry under ordinal number 22, ADP code 4014, shall present the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309), as at 1 January of the current year.

Entry under ADP code 4039 shall present the balance on account 309 as at 1 January of the current year.

Entry under ADP code 4063 shall present the balance on account group 31 – Subscribed capital unpaid as at 1 January of the current year.

Entry under ADP code 4087 shall present the balance on account 305 as at 1 January of the current year.

Entry under ADP code 4111 shall present the balance on accounts 306 and 307 as at 1 January of the current year.

Entry under ADP code 4136 shall present the balance on account group 32 – Revaluation reserves and unrealised profit as at 1 January of the current year.

Entry under ADP code 4163 shall present the balance on account group 34 – Undistributed profit, except for account 342, as at 1 January of the current year.

Entry under ADP code 4194 shall present the total balance on positive capital accounts (columns 2 through 8) as at 1 January of the current year.

Entry under ADP code 4223 shall present the balance on account group 35 – Loss (up to the level of capital), except for account 352, as at 1 January of the current year.

Entry under ADP code 4248 shall present the balance on accounts 037 and 237 as at 1 January of the current year.

Entry under ADP code 4273 shall present the balance on account group 33 – Unrealised losses as at 1 January of the current year.

Entry under ADP code 4300 shall present the total balance on deductible capital items (columns 10, 11 and 12) as at 1 January of the current year.

Entry under ADP code 4318 shall present the total balance of capital as at 1 January of the current year.

Entry under ADP code 4333 shall present the balance on account group 35 – Loss (above the level of capital), except for account 352, as at 1 January of the current year.

43. Entry under ordinal number 23, ADP code 4015, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to corrections of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4040 shall present the increase in the balance on account 309 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4064 shall present the increase in the balance on account group 31 – Subscribed capital unpaid, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4088 shall present the increase in the balance on account 305 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4112 shall present the increase in the balance on accounts 306 and 307 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4137 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4164 shall present the increase in the balance on account group 34 – Undistributed gain, except for account 342, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4195 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4224 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4249 shall present the increase in the balance on accounts 037 and 237 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4274 shall present the increase in the balance on account group 33 – Unrealised losses, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4301 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4334 shall present the increase in the balance on account group 35 – Loss (above the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the current year.

44. Entry under ordinal number 24, ADP code 4016, shall present the decrease in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to corrections of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4041 shall present the decrease in the balance on account 309 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4065 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4089 shall present the decrease in the balance on account 305 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4113 shall present the decrease in the balance on accounts 306 and 307 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4138 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4165 shall present the decrease in the balance on account group 34 – Undistributed gain, except for account 342, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4196 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4225 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4250 shall present the decrease in the balance on accounts 037 and 237 due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4275 shall present the decrease in the balance on account group 33 – Unrealised losses, due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4302 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) due to correction of material errors and changes in accounting policies made in the current year.

Entry under ADP code 4335 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, due to correction of material errors and changes in accounting policies made in the current year.

45. Entry under ordinal number 25, ADP code 4017, shall present the corrected opening balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309), as at 1 January of the current year.

Entry under ADP code 4042 shall present the corrected opening balance on account 309 as at 1 January of the current year.

Entry under ADP code 4066 shall present the corrected opening balance on account 31 – Subscribed capital unpaid as at 1 January of the current year.

Entry under ADP code 4090 shall present the corrected opening balance on account 305 as at 1 January of the current year.

Entry under ADP code 4114 shall present the corrected opening balance on accounts 306 and 307 as at 1 January of the current year.

Entry under ADP code 4139 shall present the corrected opening balance on account group 32 – Revaluation reserves and unrealised profit as at 1 January of the current year.

Entry under ADP code 4166 shall present the corrected opening balance on account group 34 – Undistributed profit, except for account 342, as at 1 January of the current year.

Entry under ADP code 4197 shall present the corrected total opening balance on positive capital accounts (columns 2 through 8) as at 1 January of the current year.

Entry under ADP code 4226 shall present the corrected opening balance on account group 35 – Loss (up to the level of capital), except for account 352, as at 1 January of the current year.

Entry under ADP code 4251 shall present the corrected opening balance on accounts 037 and 237 as at 1 January of the current year.

Entry under ADP code 4276 shall present the corrected opening balance on account group 33 – Unrealised losses, as at 1 January of the current year.

Entry under ADP code 4303 shall present the corrected total opening balance on deductible capital items (columns 10, 11 and 12) as at 1 January of the current year.

Entry under ADP code 4319 shall present the corrected total opening balance of capital as at 1 January of the current year.

Entry under ADP code 4336 shall present the corrected opening balance on account group 35 – Loss (above the level of capital), except for account 352, as at 1 January of the current year.

46. Entry under ordinal number 26, ADP code 4018, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to issuance of new shares in the current year.

Entry under ADP code 4067 present the increase in the balance on account group 31 - Subscribed capital unpaid, due to issuance of new shares in the current year.

Entry under ADP code 4091 shall present the increase in the balance on account 305 due to issuance of new shares in the current year.

Entry under ADP code 4198 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to issuance of new shares in the current year.

47. Entry under ordinal number 27, ADP code 4140 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit, due to revaluations made and positive components of other comprehensive income in the current year.

Entry under ADP code 4199 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to revaluations made and positive components of other comprehensive income in the current year.

48. Entry under ordinal number 28, ADP code 4141 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, due to revaluations made in the current year.

Entry under ADP code 4200 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to revaluations made in the current year.

49. Entry under ordinary number 29, ADP code 4277 shall present the increase in the balance on account group 33 – Unrealised losses, due to negative components of other comprehensive income in the previous year.

Entry under ADP code 4304 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to negative components of other comprehensive income in the current year.

50. Entry under ordinal number 30, ADP code 4019, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to distribution of net profit in the current period.

Entry under ADP code 4043 shall present the increase in the balance on account 309 due to distribution of net profit in the current period.

Entry under ADP code 4115 shall present the increase in the balance on accounts 306 and 307 due to distribution of net profit in the previous period.

Entry under ADP code 4167 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, due to undistributed net profit in the current period.

Entry under ADP code 4201 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to net profit realised in the current period.

51. Entry under ordinal number 31, ADP code 4227 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to net loss realised in the current period.

Entry under ADP code 4305 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to loss realised in the current period.

Entry under ADP code 4337 shall present the increase in the balance on account group 35 – Loss – Loss (above the level of capital), except for account 352, due to loss realised in the current period.

52. Entry under ordinal number 32, ADP code 4252 shall present the increase in the balance on accounts 037 and 237 due to decrease in capital through acquisition of own shares in the current year.

Entry under ADP code 4306 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to acquisition of own shares in the current year.

53. Entry under ordinal number 33, ADP code 4253 shall present the decrease in the balance on accounts 037 and 237 due to increase in capital through sale/alienation of own shares in the current year.

Entry under ADP code 4307 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) due to sale/alienation of own shares in the current year.

54. Entry under ordinal number 34, ADP code 4020, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to transfer from another form of capital in the current year.

Entry under ADP code 4044 shall present the increase in the balance on account 309 due to transfer from another form of capital in the current year.

Entry under ADP code 4068 shall present the increase in the balance on account group 31 – Subscribed capital unpaid due to transfer from another form of capital in the current year.

Entry under ADP code 4092 shall present the increase in the balance on account 305 due to transfer from another form of capital in the current year.

Entry under ADP code 4116 shall present the increase in the balance on accounts 306 and 307 due to transfer from another form of capital in the current year.

Entry under ADP code 4142 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit due to transfer from another form of capital in the current year.

Entry under ADP code 4168 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, due to transfer from another form of capital in the current year.

Entry under ADP code 4202 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) due to transfer from another form of capital in the current year.

Entry under ADP code 4228 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to transfer from another form of capital in the current year.

Entry under ADP code 4254 shall present the increase in the balance on accounts 037 and 237 due to transfer from another form of capital in the current year.

Entry under ADP code 4278 shall present the increase in the balance on account group 33 – Unrealised losses, due to transfer from another form of capital in the current year.

Entry under ADP code 4308 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) due to transfer from another form of capital in the current year.

Entry under ADP code 4338 shall present the increase in the balance on account group 35 – Loss – Loss (above the level of capital), except for account 352, due to transfer from another form of capital in the current year.

55. Entry under ordinal number 35, ADP code 4021, shall present the decrease in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) due to transfer to another form of capital in the current year.

Entry under ADP code 4045 shall present the decrease in the balance on account 309 due to transfer to another form of capital in the current year.

Entry under ADP code 4069 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid due to transfer to another form of capital in the current year.

Entry under ADP code 4093 shall present the decrease in the balance on account 305 due to transfer to another form of capital in the current year.

Entry under ADP code 4117 shall present the decrease in the balance on accounts 306 and 307 due to transfer to another form of capital in the current year.

Entry under ADP code 4143 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit, due to transfer to another form of capital in the current year.

Entry under ADP code 4169 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, due to transfer to another form of capital in the current year.

Entry under ADP code 4203 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to transfer to another form of capital in the current year.

Entry under ADP code 4229 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, due to transfer to another form of capital in the current year.

Entry under ADP code 4255 shall present the decrease in the balance on accounts 037 and 237 due to transfer to another form of capital in the current year.

Entry under ADP code 4279 shall present the decrease in the balance on account group 33 – Unrealised losses, due to transfer to another form of capital in the current year.

Entry under ADP code 4309 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) due to transfer to another form of capital in the current year.

Entry under ADP code 4339 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, due to transfer to another form of capital in the current year.

56. Entry under ordinal number 36, ADP code 4170 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, due to payment of dividends from the net profit realised in the current period.

Entry under ADP code 4204 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to payment of dividends from the net profit realised in the current period.

57. Entry under ordinal number 37, ADP code 4171 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, due to liabilities toward employees paid from the net profit realised in the current period.

Entry under ADP code 4205 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) due to liabilities toward employees paid from the net profit realised in the current period.

58. Entry under ordinal number 38, ADP code 4022, shall present the increase in the balance on core capital accounts (account group 30 – Core and other capital and reserves, except for accounts 305, 306, 307 and 309) based on any other grounds in the current year.

Entry under ADP code 4046 shall present the increase in the balance on account 309 based on any other grounds in the current year.

Entry under ADP code 4070 shall present the increase in the balance on account group 31 – Subscribed capital unpaid based on any other grounds in the current year.

Entry under ADP code 4094 shall present the increase in the balance on account 305 based on any other grounds in the current year.

Entry under ADP code 4118 shall present the increase in the balance on accounts 306 and 307 based on any other grounds in the current year.

Entry under ADP code 4144 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit based on any other grounds in the current year.

Entry under ADP code 4172 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 352, based on any other grounds in the current year.

Entry under ADP code 4206 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) based on any other grounds in the current year.

Entry under ADP code 4230 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, based on any other grounds in the current year.

Entry under ADP code 4256 shall present the increase in the balance on accounts 037 and 237 based on any other grounds in the current year.

Entry under ADP code 4280 shall present the increase in the balance on account group 33 – Unrealised losses, based on any other grounds in the current year.

Entry under ADP code 4310 shall present the total increase in the balance of deductible capital items (columns 10, 11 and 12) based on any other grounds in the current year.

Entry under ADP code 4340 shall present the increase in the balance on account group 35 – Loss (above the level of capital), except for account 352, based on any other grounds in the current year.

59. Entry under ordinal number 39, ADP code 4023, shall present the decrease in the balance on core capital accounts (account group 30 – Core and other capital and reserves, except for accounts 305, 306, 307 and 309) based on any other grounds in the current year.

Entry under ADP code 4047 shall present the decrease in the balance on account 309 based on any other grounds in the current year.

Entry under ADP code 4071 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid based on any other grounds in the current year.

Entry under ADP code 4095 shall present the decrease in the balance on account 305 based on any other grounds in the current year.

Entry under ADP code 4119 shall present the decrease in the balance on accounts 306 and 307 based on any other grounds in the current year.

Entry under ADP code 4145 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit based on any other grounds in the current year.

Entry under ADP code 4173 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, based on any other grounds in the current year.

Entry under ADP code 4207 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) based on any other grounds in the current year.

Entry under ADP code 4231 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, based on any other grounds in the current year.

Entry under ADP code 4257 shall present the decrease in the balance on accounts 037 and 237 based on any other grounds in the current year.

Entry under ADP code 4281 shall present the decrease in the balance on account group 33 – Unrealised losses, based on any other grounds in the current year.

Entry under ADP code 4311 shall present the total decrease in the balance of deductible capital items (columns 10, 11 and 12) based on any other grounds in the current year.

Entry under ADP code 4341 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, based on any other grounds in the current year.

60. Entry under ordinal number 40, ADP code 4024, shall present the increase in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4048 shall present the increase in the balance on account 309 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4072 shall present the increase in the balance on account group 31 – Subscribed capital unpaid in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4096 shall present the increase in the balance on account 305 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4120 shall present the increase in the balance on accounts 306 and 307 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4146 shall present the increase in the balance on account group 32 – Revaluation reserves and unrealised profit in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4174 shall present the increase in the balance on account group 34 – Undistributed profit, except for account 342, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4208 shall present the total increase in the balance on positive capital accounts (columns 2 through 8) in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4232 shall present the increase in the balance on account group 35 – Loss (up to the level of capital), except for account 352, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4258 shall present the increase in the balance on accounts 037 and 237 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4282 shall present the increase in the balance on account group 33 – Unrealised losses, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4312 shall present the total increase in the balance of deductible capital items (columns 10 through 12) in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4342 shall present the increase in the balance on account group 35 – Loss (above the level of capital), except for account 352, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

61. Entry under ordinal number 41, ADP code 4025, shall present the decrease in the balance on core capital accounts (account group 30 – Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309) in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4049 shall present the decrease in the balance on account 309 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4073 shall present the decrease in the balance on account group 31 – Subscribed capital unpaid in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4097 shall present the decrease in the balance on account 305 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4121 shall present the decrease in the balance on accounts 306 and 307 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4147 shall present the decrease in the balance on account group 32 – Revaluation reserves and unrealised profit in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4175 shall present the decrease in the balance on account group 34 – Undistributed profit, except for account 342, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4209 shall present the total decrease in the balance on positive capital accounts (columns 2 through 8) in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4233 shall present the decrease in the balance on account group 35 – Loss (up to the level of capital), except for account 352, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4259 shall present the decrease in the balance on accounts 037 and 237 in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4283 shall present the decrease in the balance on account group 33 – Unrealised losses, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4313 shall present the total decrease in the balance of deductible capital items (columns 10 through 12) in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

Entry under ADP code 4343 shall present the decrease in the balance on account group 35 – Loss (above the level of capital), except for account 352, in the current year on all grounds, except on the ground of corrections of material errors and changes in accounting policies.

62. Entry under ordinal number 42, ADP code 4026, shall present the balance on core capital accounts (account group 30 - Core capital and other capital and reserves, except for accounts 305, 306, 307 and 309), as at 31 December of the current year.

Entry under ADP code 4050 shall present the balance on account 309 as at 31 December of the current year.

Entry under ADP code 4074 shall present the balance on account group 31 – Subscribed capital unpaid as at 31 December of the current year.

Entry under ADP code 4098 shall present the balance on account 305 as at 31 December of the current year.

Entry under ADP code 4122 shall present the balance on accounts 306 and 307 as at 31 December of the current year.

Entry under ADP code 4148 shall present the balance on account group 32 – Revaluation reserves and unrealised profit as at 31 December of the current year.

Entry under ADP code 4176 shall present the balance on account group 34 – Undistributed profit, except for account 342, as at 31 December of the current year.

Entry under ADP code 4210 shall present the total balance on positive capital accounts (columns 2 through 8) as at 31 December of the current year.

Entry under ADP code 4234 shall present the balance on account group 35 – Loss (up to the level of capital), except for account 352, as at 31 December of the current year.

Entry under ADP code 4260 shall present the balance on accounts 037 and 237 as at 31 December of the current year.

Entry under ADP code 4284 shall present the balance on account group 33 – Unrealised losses as at 31 December of the current year.

Entry under ADP code 4314 shall present the total balance on deductible capital items (columns 10, 11 and 12) as at 31 December of the current year.

Entry under ADP code 4320 shall present the total balance of capital as at 31 December of the current year.

Entry under ADP code 4344 shall present the balance on account group 35 – Loss (above the level of capital), except for account 352, as at 31 December of the current year.

VII. CONTENTS OF THE NOTES TO THE FINANCIAL STATEMENTS

General information

63. Notes to financial statements shall contain descriptions or detailed breakdown of the amounts presented in the *Balance Sheet, Profit and Loss Account, Statement of Other Comprehensive Income, Cash Flow Statement and Statement of Changes in Equity* and additional information not presented in financial statements, in line with the requirements of individual IAS and/or IFRS relating to disclosure.

Notes to financial statements shall also include the following information:

- general information about the undertaking;
- information about compliance of financial statements with national regulations and IAS/IFRS;
- summary of significant accounting policies;
- analysis of individual items from financial statement forms;
- findings of external control with regard to individual items.

General information about the undertaking from paragraph 2, indent 1 of this Section includes name, head office, legal form, type of insurance activities, business organisation, brokers and representatives, shareholders, name of the parent undertaking and the ultimate owner of the parent undertaking, and data on the average number of employees at the end of the current and the previous year (a round number based on the number of employees at the end of each month) and their qualifications structure.

The undertaking provides information about the compliance of financial statements with national regulations and IAS/IFRS from paragraph 2, indent 2 of this Section, including in particular the reasons for any departures and an assessment of their effects on assets, liabilities and business result of the undertaking.

In the summary of significant accounting policies from paragraph 2, indent 3 of this Section, the undertaking shall disclose the basis applied to valuation of items at the time of compiling financial statements and other accounting policies selected and applied to significant business changes and events during the accounting period.

Analysis of individual items from financial statement forms from paragraph 2, indent 4 of this Section shall include additional information about these items. As part of the analysis referred to in this paragraph, the undertaking shall provide information about any adjustment of the opening balance due to errors, changes in accounting policies, events after the reporting period, unreconciled receivables and liabilities, transactions with associated undertakings, earnings per share and dividends paid, as well as the structure and value of off-balance sheet items and other information it considers significant.

The undertaking shall also disclose the findings of external control from paragraph 2, indent 5 of this Section, with regard to individual significant items.

Within notes to financial statements, the undertaking shall also disclose the currency matching of assets and liabilities, subject to the criterion set forth by the Insurance Law for assets acquired using technical provisions and for technical provisions.

Within notes to financial statements, the insurance undertaking licensed to engage in some or all classes of life insurance and some or all classes of non-life insurance shall also disclose, separately for life and separately for non-life insurance, the following items:

- funds that serve or may serve for settlement of insurance liabilities and appertaining capital and liabilities;
- insurance funds, and/or assessed fulfilment of capital adequacy requirements;
- general and common operating income and expenses, delineated by applying the selected criterion determined by the undertaking's rules on accounting;
- other data significant for ensuring the fulfilment of the delineation requirement and separate management of funds that serve or may serve for settlement of insurance liabilities, appertaining capital and liabilities, by group of insurance activity.

Arabic numerals are used in the notes to financial statements as ordinal numbers, organised in the order in which the data in the financial statements are presented.

Additional presentations and disclosures

64. Additional presentations and disclosures shall include:

- additional information relating to items presented in the financial statement, according to the order of financial statement forms and position in those statements;
- additional disclosures required by the IAS, i.e. IFRS (shown in the order required by the IAS or IFRS).

VIII. FINAL PROVISIONS

65. As of the effective date of this Decision, the Decision on the Content and Layout of Financial Statement Forms of Insurance Undertakings (RS Official Gazette Nos 135/2014, 141/2014 and 102/2015) shall cease to be valid.

Provisions of this Decision shall first apply to financial statements compiled on 31 December 2021.

66. This Decision shall enter into force on the eighth day upon the publication in the RS Official Gazette.

Decision No 16

30 June 2020
