

Pursuant to Article 18, paragraph 1, Section 3) and Article 57a, paragraph 1 of the Law on the National Bank of Serbia (RS Official Gazette, Nos 72/2003, 55/2004, 85/2005 – other law, 44/2010, 76/2012, 106/2012, 14/2015 and 40/2015 – CC decision), Governor of the National Bank of Serbia hereby issues

DECISION
ON ISSUANCE AND BASIC FEATURES OF NUMISMATIC MONEY WITH
THE PORTRAIT OF NIKOLA TESLA

1. To mark 75 years since the death of Nikola Tesla, in year 2018 the National Bank of Serbia shall issue numismatic money in the denomination of 100 dinars.

2. The National Bank of Serbia shall issue 210,000 pieces of numismatic money referred to in Section 1 of this Decision in total nominal value of 21,000,000.00 dinars.

3. The numismatic money referred to in Section 1 of this Decision shall be made of silver, fineness 99.95%, mass of 31.1 g and diameter of 40.2 mm in the following minting technique:

- 10,000 pieces in the special (“proof”) technique, with high gloss flat surfaces and matte relief details of commemorative motifs;
- 200,000 pieces in the special (“high gloss”) technique, with high gloss surfaces.

The mass of each individual numismatic money piece referred to in paragraph 1 of this Section shall be permitted to deviate within the range of +1/-0% relative to the mass stated in that paragraph.

The diameter of each individual piece of numismatic money referred to in paragraph 1 of this Section shall be permitted to deviate within the range of ± 0.05 mm relative to the diameter stated in that paragraph.

4. The obverse of the numismatic money referred to in Section 1 of this Decision shall be as follows: the middle part features the portrait of Nikola Tesla in right semi-profile, with the words “Nikola Tesla” written above the portrait, in Latin letters on the left side and in Cyrillic letters on the right side. Below the portrait, the text “ELECTRICAL VISIONARY” is written in the right line, and along the rim, in a semicircle line, the text “POWERING THE FUTURE”. Featured between those inscriptions is the stylised sign of lightning.

5. The reverse of the numismatic money referred to in Section 1 of this Decision shall be as follows: the central part features Tesla’s alternating current

generator, with the text “ALTERNATING CURRENT” written above and the Great Coat-of-Arms of the Republic of Serbia shown above the text. Below the Tesla’s alternating current generator, the text “LIGHTING THE DISTANCE” is written in the first line and the year of minting “2018” in the second line. In the upper half, above the central part motifs, the text “REPUBLIKA SRBIJA“ is written in a semicircle, left to right, in Latin and Cyrillic letters. In the lower half, below the central part motifs, the text “1 oz. 999 SILVER” is written in a semicircle and in continuation, separated by a dot, the words “NBS” in Latin and Cyrillic letters – separated by a hyphen. To the right of that inscription, separated by a dot, is the designation of the nominal value “100” and on its left- and right-hand side, the text “DINARA” in Latin and Cyrillic letters. The semicircle inscriptions in the upper and lower half of the reverse are separated by dots.

6. Along the rim of numismatic money referred to in Section 1 of this Decision are vertical rounded reeds of 0.2 mm diameter.

7. The National Bank of Serbia shall sell the numismatic money referred to in Section 1 of this Decision at a price it determines.

8. This Decision shall come into force on the day of its publication in the Official Gazette of the Republic of Serbia.
